The Camp office must be notified if your child is exposed to any communicable disease during weeks prior to Camp attendance.

Parent's Authorization

It is our firm hope that the authorization below will never have to be used. In an emergency however, where immediate treatment is required before a parent can be contacted, this form can be extremely important. Without it, many doctors and hospitals will refuse to treat a minor as a matter of sound medical practice. Therefore, Camp requires this authorization to be signed by a parent for every camper and staff member.

In case of emergency, I hereby authorize the doctor or the hospital to which my child, may be brought, (and whomever they may designate as their assistants) to perform any emergency procedure or operation, to give treatment, injections, and the administration of an anesthetic to my child.
